

For the upcoming semester we are looking for a motivated and passionate intern at our office in Markdorf. Someone who is keen on working in an interdisciplinary team and would not be afraid to manage his/her own projects. If you are majoring in industrial/product design or you already hold a degree in a similar field we would be **Who are we? What is the atelier 522?**

We are daydreamers, pragmatics, realists, architects, interior-, product-, communication designers and photographers. We work in close collaboration to bring ideas to life: our client's ideas and ours. Our holistic thinking and doing is defined by our teams longstanding experience and its passion for design. At our studio here in Markdorf we can offer you an exciting and friendly work atmosphere and space to develop and learn.

Like what you see? Want to be part of our team? Then we look forward to hearing from you! Just send us your application via email to **job@atelier522.com** (PDF attachments up to 10MB). Please don't send your application via post – let's think about our environment! If you do, please keep in mind that we wouldn't return it.

When sending us your application please use the following header:
Application GIVEN NAME LAST NAME – Field of work – starting MONTH YEAR
You may contact us at any time should you have further questions.
