

For our **location in Markdorf** we are currently looking for an architect (m/f/d) who shares the atelier 522's views on style and design. An architect who takes on responsibility ranging from building permit application to project supervision.

RESPONSIBILITIES:

- coordination and implementation of national and international projects
- project responsibility, client contact
- development of construction documentation and details
- interface function between planners and internal/external project participants
- cost estimates and cost monitoring
- development of tendering and contracting for construction works
- site supervision

YOUR PROFILE:

- degree in Architecture
- ideally minimum of 3 years of work experience
- experience in the field of construction documentation and tendering up to site supervision
- experience in handling projects by yourself
- experienced in the field of temporary architecture / shop architecture / trade fair / gastronomy architecture of advantage
- detail oriented, cost aware and confident demeanor when meeting clients and contractors
- sound knowledge of CAD programs preferably ArchiCAD

WE OFFER YOU:

- a great deal of independent working
- interdisciplinary cooperation with a highly motivated team
- a diverse client portfolio with high standards of quality
- unique and authentic projects
- unique location on the beautiful Lake of Constance

Like what you see? Want to be part of our team? Then we look forward to hearing from you! Just send us your application via email to **job@atelier522.com** (PDF attachments up to 10MB). Please don't send your application via post – let's think about our environment! If you do, please keep in mind that we wouldn't return it.

When sending us your application please use the following header:

Application GIVEN NAME LAST NAME – Field of work – starting MONTH YEAR

You may contact us at any time should you have further questions.
